EDUCATION

Netaji Subhas University of Technology (Formerly NSIT)

New Delhi

B.Tech in Computer Science, CGPA: 7.9

2022-2026

OPG World School

New Delhi

CBSE Class 12: 92.4%, CBSE Class 10: 96.1%

2019-2022

EXPERIENCE

Full Stack Developer

2025

Charismatic Electronics

New Delhi, India

- Built and deployed a secure, full-featured ecommerce site using the MERN stack with custom quote forms and real-time notifications.

PROJECTS

Charismatic Electronics | *MongoDB, Express, React, Node.js*

2025

- Developed a responsive, full-featured ecommerce platform for transformer and custom electrical products using the MERN stack.
- Built a robust 'Custom Design' form with file uploads, Nodemailer email alerts, and MongoDB data storage.

Design Genie | *Next.js, Gemini AI, PostgreSQL, Stripe, Clerk*

2025

- Built a full-stack SaaS platform that enables users to redesign rooms using AI-powered interior design capabilities.
- Implemented secure authentication (Clerk), Stripe integration for subscriptions, and optimized AI workflows using Gemini API and PostgreSQL.
- Designed end-to-end UI/UX with dynamic components, real-time form submission, and multi-step design flow for seamless user interaction.

EmotiCare | *HTML, CSS, JavaScript, Bootstrap, MongoDB, Mongoose*

2025

- Developed a mental health support platform offering resources, emergency contacts, and an AI-powered chatbot for emotional assistance.
- Implemented secure user authentication and designed a responsive UI with tools for managing mental well-being and crises.
